2006 USTA National Women's Intersectional Team Event

PROCEDURES FOR Women's and Men's INTERSECTIONAL TEAM CHAMPIONSHIPS

All USTA Sections are eligible to field a team in each age division as follows: 35s, 45s, 55s, 65s, and 75s.

These events will count for USTA National ranking purposes. The Intersectionals are considered a "special events", although the points awarded are close to those awarded for Category II events.

TEAM SELECTION

Each USTA Section shall have the sole responsibility for selecting team members by whatever criteria it deems appropriate. **Players must be members of the USTA through the Section** for which they play. Sections are strongly encouraged to have written selection procedures.

TEAM FORMATS

75s: 2 singles and 1 doubles – a maximum number of players per age division team – 4

35s, 45s, 55s, 65s: 3 singles and 2 doubles - a maximum number of players per age division team - 7

Players may compete in both singles and doubles. A player may play in two different age divisions if eligible, but may play in only one age division in singles and only one age division in doubles **on the same day**.

TEAM CAPTAINS

The sections must designate captains before the competition begins. Captain must attend the on-site Captains' Meetings. The Captain may be a playing captain or a non-playing captain. An individual may captain more than one age group.

COMPETITION FORMAT

The competition in each age category maybe compass draw, modified compass draw, or round robin. The tournament committee will determine which format to use, so that each team plays a minimum of three team matches.

A team member will not be required to play more than the number of matches per day allowed for his/her age division according to the regulations for USTA Adult and Senior National Championships. In general, this means a team will play only one (1) team match per day. The referee can alter this if she/he determines that the event can not be completed on time because of weather delays or other unforeseen circumstances.

Scoring: One point for each court win. The team with the majority of the points shall be the winner of the Team Match. All matches will be played even if a team winner has been established (time, weather, and courts permitting). A winner or "champion" team will be determined in each age category. If an overall sectional winner is to be determined, the captains will vote for one of the two following options

INTERSECTIONALS

EDUCATION FOUNDATION

TEXAS

2006 USTA National Women's Intersectional Team Event

Procedures for Women's And Men's Intersectional Team Championships (cont.)

Scoring (cont.):

Option one: The section with the greatest number of ***individual*** matches won throughout the entire competition will be named the overall sectional winner.

Option two: The section with the greatest number of ***team*** matches won throughout the entire competition will be named the overall sectional winner.

- Note:**
- 1) Team(s) receiving a bye will receive the average number of individual points won that they have earned in the entire competition (for the bye round)
 - 2) In the event a team defaults an entire team match, the opposing team will receive 5 individual points (35s, 45s, 55s, 65s) or 3 points (25s, 75s)

LINE-UP AND DRAW

A roster shall be submitted by the section for each team in each age category represented. Players must be listed in order of strength as singles players. All team members shall be listed on the singles roster even if they plan to play only doubles. (A doubles roster is not required.) Final changes to team rosters and resolution of order of strength questions shall be made at the captains' meeting prior to the making of the draw.

Seeding: A seeding committee will determine preliminary seeding prior to the captains' meeting. All current player information (significant wins, losses, rankings) must be submitted to the tournament committee with the player information sheets in order to formulate preliminary seedings. Any questions concerning seeding will be resolved prior to the making of the draw. One team in four will be seeded; however, in an age category where there are 12 or more teams, four seeds will be allowed.

Substitutions: A substitution in the daily singles line-up may be made at the discretion of the captain. A substitute must be placed in accordance with the team rosters' order of strength.

Doubles Teams

Doubles teams are formatted at the discretion of the team captain, but **must** be set up in order of strength. The tournament committee has the right to review questionable doubles combinations and take appropriate action.

Daily Line-ups

The time frame for turning in the daily singles line-ups shall be determined by the referee. Doubles line-ups do not have to be turned in until 15 minutes after the last singles match has been completed for that particular team match.

TOURNAMENT COMMITTEE AND REFEREES MAY ISSUE APPROPRIATE PROCEDURAL INSTRUCTIONS FOR EACH SPECIFIC EVENT.

Adopted by the USTA Intersectional Subcommittee in accordance with USTA Tournament Regulations May, 1997, V.C.

REFEREE'S NOTES

1. **FORMAT:** USTA Rules and Regulations govern all play.
2. **COMPETITION:** Best of 3 tiebreak sets with regular scoring. Use of the *Coman Tiebreak Procedure* will be determined at the first captains' meeting. Default time will be 15 minutes. It is always the player's responsibility to find out the time of her match. The referee can switch to alternate scoring systems in order to complete the tournament if necessitated by inclement weather.
3. **TEAM CAPTAINS:** Meeting daily at 5:30 p.m. (if necessary).
4. **HOST CAPTAINS:** The Captain of the team listed on the left side of the line up sheet will be the Host Captain responsible for administration of the new and used balls and for general court tidiness throughout the daily team competitions.
5. **COURT USAGE:** There are several days where court usage is at the maximum. Therefore, the winner(s) of each match is responsible for reporting the score and returning the balls within 10 minutes of the conclusion of the match. The next match scheduled for that court must be ready to play as soon as the court has been cleared.
6. **DRAWS:** To be conducted publicly at the Captains' meeting on Sunday, November 12, for 55's and 65's, on Monday, November 13 for 75's, on Wednesday, and November 15, for 35's and 45's with all team Captains present. Up to four teams may be seeded in a 12 team (or more) entry.
7. **WARM-UPS:** Will be limited to 5 minutes at the beginning of a scheduled match. Should play be suspended, re-warm-up will be permitted if play has been suspended:
 - less than 10 minutes - None
 - more that 10 minutes - Full 5 minutes
8. **REST PERIOD BETWEEN MATCHES:** There will be a minimum thirty minutes between a singles and a doubles match. **NOTE:** Players playing in two age divisions waive their rights to the authorized rest periods whenever matches are scheduled in two different age divisions.
9. **REST PERIOD DURING MATCH:** A ten-minute intermission is authorized between the second and third sets at the request of any player.

10. **COACHING:** Rule 31 applies. Coaching is allowed from a Captain or designated appointee who is sitting on the court only when the player(s) change ends at the end of a game, but not on end changes during a tie-break. Coaching may be given during an authorized rest period. Coaching is not allowed during a toilet break, accidental injury timeout, while seeking a referee, or during warm-up.
11. **WATER:** Water may not be available on each court at each of the facilities being used for the tournament; therefore, all players must be prepared and bring water to the court at the beginning of their matches. Water is provided in cooler between each set of courts at Walden; therefore, players are not permitted to leave the court during a match in order to get water.
12. **ATTIRE:** Players must wear correct tennis attire. The Referee shall be the sole arbitrator as to the suitability of tennis attire, including shoes, worn by participants.
13. **MEDICAL TIME-OUT:** Medical time-out includes, but is not limited to, an injury, illness, and heat related condition or cramping. Medical time-outs consist of evaluation time as determined by the referee plus a maximum of three minutes treatment time. Only one medical time-out shall be permitted for heat related conditions and cramping in any match, even if the heat related condition or cramping occurs in different parts of the body.
14. **UNUSUAL CONDITIONS:** The Referee may authorize play utilizing artificial lights or transfer play to other courts should this become necessary, in the Referee's opinion, to complete the competition.
15. **COMPETITION TERMINATION:** If one team is clearly the winner, irrespective of subsequent results, that team competition may be ended by agreement between the Referee and both Captains.
